Fun Times with Mr Bamboozle comes

The *Mr Bamboozle Show*

Accredited storyteller and magician Michael Patterson sprinkles messages of social and emotional learning throughout these fun and interactive shows. Shows are themed and include a range of segments to keep young audiences actively engaged. While utilising professional techniques in videography and broadcasting, shows remain personal and interactive and have a warm, welcoming feel to them.

A variety of learning concepts including positive peer interaction, self-regulation strategies and collaborative learning enables learners of different styles and ages to participate to their level. When children are happy and engaged the best possible learning will occur and you'll be able to see the results for yourself.

Our children absolutely loved your show, they were glued to the screen and doing all the actions!

Dallas Maiolo - Crayons Kindy

You do a wonderful job and somehow still manage to connect so beautifully with the children even though it's online.

Rosie Gibbs - Mudgee Community Preschool

The children have been lucky as they are watching you on a big theatre kind of screen so it's like you are almost with us!

Anna Grimes - Rainforest ELC

Teacher and Educator benefits

- Memorable and positive experience for all the children
- Important messages you can reinforce
- Numerous EYLF links in every show
- Secure online delivery via Zoom
